Other General Meeting Matters

1. GUESTS OF THE SOCIETY

Members wishing to invite academic guests (other than accompanying persons) to a General Meeting should first submit their names to the *Assistant Secretary*, Prof. Todd Still (todd_still@baylor.edu), who will consult with the *President*. Members should indicate briefly how their personal guest would contribute to the proceedings. All requests for guest invitations should preferably be received by 1st April. After this, requests will only be approved if there are available spaces.

Each attending member may invite one guest, and no individual guest may be invited more than once in any four years. Please note that candidates being nominated for membership of the Society this year may not be invited as guests.

2. PRESENTATION OF PAPERS

To facilitate the exchange of views, speakers in all three languages of the Society are encouraged to speak clearly and slowly, thereby accommodating those whose first language is different. The full text of all Main Papers (whether in English, French or German) is to be submitted to the *Secretary* at least one month prior to the General Meeting. These texts will be forwarded to the Local Organising Committee for *electronic distribution to all delegates* prior to the General Meeting. Paper copies will not be distributed. Presenters of Offered Short Papers are also encouraged to make the text or a hand-out available to those present.

3. AUDIO-VISUAL EQUIPMENT

Most lecture and seminar rooms are equipped with a projector. If presenters wish to make use of this equipment, they should discuss details with the Local Organising Committee prior to the Meeting (snts2019@uni-marburg.de).

Society Consultation

During the Montreal 2016 General Meeting, Prof. Judith Lieu introduced a wide-ranging discussion among members about the purpose and opportunities of our Society. The views of members were subsequently solicited through an online survey (2017), and the Committee then established a Working Group to consider the future shape of the Society. A report was circulated to members in the October/November 2018 Newsletter. This Working Group will give a final report to the Committee in Marburg. Members are encouraged to contact its chair, Prof. John Kloppenborg (john.kloppenborg@utoronto.ca), with suggestions and comments about the Society, its workings and its General Meetings, including both the Academic and Social Programmes.
